MATH
CHAMPION!

Math Champions partner with
Math Leaders, grades preK - 5 to

- Celebrate Math Leadership
- Build Community
- Complete homework
- Play games
- Model leadership
- Have fun
- Expand your horizons

WHO WE ARE

Marvelous Math Club is an afterschool club that uses a unique model integrating math and psychology. The Club centers the experiences of the students, parents, and guardians at Pisgah View Community Center and celebrates its elementary-age students (Math Leaders). The Club creates a space where Math Leaders feel safe physically and emotionally. Older students and adults who support the Math Leaders with homework completion, math games and demonstrating leadership are called Math Champions.
